

MEET YOUR ORLANDO STUDIO TEAM

Some of our best multifamily developments have been built in the Southeast and designed by our Orlando-based team. Brooke Iosue, our Southeast Business Developer, adds her thoughts below on some of our most successful projects completed over the last year.

TOWN TRELAGO Maitland, FL
350-unit Big House® & Breezeway

"This multi-award winning community was designed in village-like setting on a prominent site facing Lake Hope in Maitland, just 8 miles north of Orlando, bridging the gap between the Maitland Center office complex and the rest of the city."

ICON CENTRAL St. Petersburg, FL
369-unit Mixed-Use High Rise

"Icon is located in the thriving Central Arts District of Downtown St. Petersburg, pairing history and modernity to create one of the region's most distinctive live-work-play environments with rotating art exhibits and resident programming."

LYRA Sarasota, FL
222-unit Interior Corridor

"Appropriately named after circular ceiling apparatus, Lyra's contemporary flair offers easy access to the high-end retail, exquisite dining, and cultural venues of the city. Numerous outdoor amenity spaces allow residents to take full advantage of the Florida lifestyle."

THE MENLO Jacksonville, FL
332-unit Interior Corridor

"This smart-living community is built around the belief that technology, sustainability, and convenience enhance a modern way of life set in the innovative new master planned community of eTown."

THE EDDY AT RIVERVIEW LANDING Smyrna, GA
310-unit Mixed-Use Breezeway & e-Urban®

"The Eddy offers panoramic river views and authentic outdoor experiences all within the confines of Riverfront Landing, an 82-acre mixed-use master plan currently under development."
